Dear Mr. Weisburg;

I recently saw you on "The Joe Pyne" discussion show. As a Private citizen of the United states, I an very much interested in this countries welfare.

I feel that finding the truth about President John F. Kennedy's assination is important to the welfare of the United States. I have read many articles from magazines, newspapers, and also the very controversial book, "The Death Of A President", by William Manchester, and I am under the impression that there is a lot of truth in what you, Mr. Garrison and others have said.

The reason I am writing to you, is to ask if I can possibly help in any way prove what you and Mr. Garrison have said.

Thank you,

Mrs. Barbara Arot
